Job Description

ROLE AND RESPONSIBILITIES

General Laborer performs various tasks as assigned by the general contractor. These tasks may include but aren't limited to cleaning and preparing a job site, loading and delivering materials, using a variety of tools, setting up temporary structures and helping as needed with carpenters, masons and other contractors.

- Prepare job sites, materials and tools as instructed
- Unloading and loading of materials, tools, and equipment
- Removing debris, garbage, and dangerous materials from sites.
- Assisting with transport and operation of heavy machinery and equipment.
- Assembling and breaking down temporary structures and scaffolding
- Digging holes, tunnels and ditches as needed
- Regulating traffic and erecting traffic signs may be necessary

QUALIFICATIONS AND EDUCATION REQUIREMENTS

- Capable of receiving and following instructions and communicating with co-workers
- Knowledge of building codes, safety regulations, and safety practices
- High school diploma in an asset

PREFERRED SKILLS

- Skilled in the use of hand and power tools used in the construction field
- Manual dexterity with excellent balance to work on scaffolding, ladders, etc. Comfortable with heights and working above ground
- Able to lift and carry up to 50 lbs. as needed, potential to lift objects greater than 75 lbs. Must be healthy, strong and fit.
- Able to bend, stoop, twist and/or stand for up to 10 hrs. per day
